In the Specification

Please substitute the following paragraph for the corresponding paragraph being amended:

a [0028] As shown in ~~Figure~~ Figures 2 and 3, the TBC 38 covers the wall first surface 34 and also covers or overlays the corresponding outboard first ends 42 of the multitude of pores. In this way, a substantially smooth and continuous thermal barrier coating covers the wall first surface 34 and is additionally anchored thereto by the corresponding plugs or ligaments formed in the first ends 42 of the pores.
